

## Llama Wool Works

A number of Sisters have found a role in a mini fiber business. Various sisters spin, some felt, and some weave. The fiber from our llamas is abundant and we sell llama fiber in rovings, battings and spun yarn.

Llama fiber is excellent to work with as it is very soft. White fiber can be dyed in a variety of colors. Other fiber is natural colored. All is very attractive.

We have fiber for sale for those who like to do their own spinning. For others we have spun yarn available. The prices vary as to the type of wool.

**Dehaired fiber**

Rovings: \$4.00 per ounce

Handspun Yarn in Skeins: \$5.00 per ounce

**Regular fiber**
